

Passion for Precision

MANUFACTURERS OF

**HIGH TENSILE
FASTENERS**

STANDARD & SPECIAL

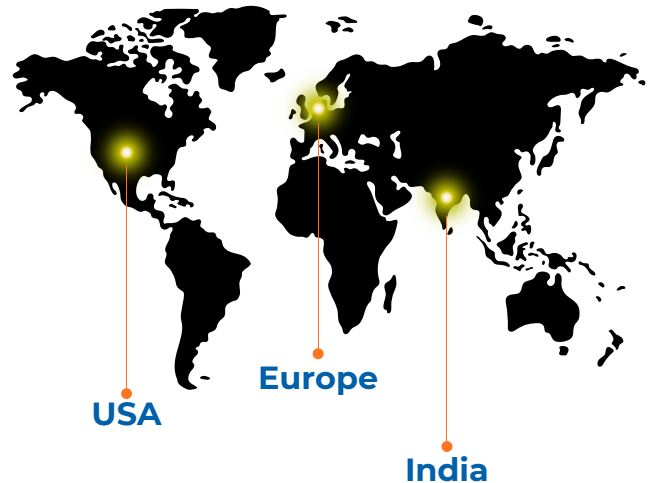

Welcome to Our Product Catalogue

About Us

XPS is a leading manufacturer specializing in precision-engineered, high-tensile fasteners trusted across heavy-duty industries. With a strong focus on quality, reliability, and innovation, XPS delivers products designed to perform in the most demanding industrial environments—from cement and construction to railways, automotive, and machinery.

With over 50 years of expertise in the fastener industry, XPS brings deep technical know-how and proven capability in serving major OEMs across diverse sectors, including 2-wheelers, commercial vehicles, construction, mining, and heavy engineering industries. Our management team thrives on its extensive experience, ensuring reliable solutions and seamless collaboration with every partner we work with. Our products are in conformity with standards like IS, ISO, DIN, JIS, ASTM etc.

Our Presence

Our Certifications

XPS meets global standards with **ISO, IATF, BIS, CE, ROHS**, and **ZED Gold** certifications—reflecting our unwavering commitment to quality and safety.

Our Products

A complete range of high tensile fasteners, always in stock and ready to deliver. Backed by a wide inventory, our high tensile fasteners range offers superior mechanical strength and immediate dispatch capability.

Socket Head Cap Screw

Range:
M3 to M48
1/8" to 1"

Grade:
12.9
12.9

Standard:
DIN912, ISO4762, BS-2470

Socket Set Screw

Range:
M3 to M20
3/16" to 3/4"

Grade:
45H
45H

Standard:
DIN 913/914/915/916, BS-2470

Button Head Cap Screw

Range:
M3 to M12

Grade:
12.9

Standard:
ISO7380

Socket Countersunk Screw

Range:
M3 to M24
1/4" to 5/8"

Grade:
12.9
12.9

Standard:
DIN 7991, IS 6761, ISO 10642
As per XPS Standard

Hexagonal Head Bolt/Screw

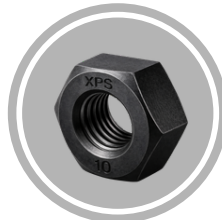

Range:
M3 to M48
1/4" to 1"

Grade:
8.8, 10.9
GR 5, 8, S

Standard:
ISO 4014/4017, DIN 931/933
BS-1768, ANSI: B-18, 2.1

Hex Nut

Range:
M4 to M60
1/4" to 1"

Grade:
8, 10
8, 10

Standard:
ISO 4032
BS-1768, ANSI: B-18, 2.2

Allen Key

Range:
1.5mm to 32mm
1/16" to 3/4"

Grade:
HRC 47
HRC 47

Standard:
DIN 911, IS 3082, BS-2470

Special Products

Compressor Bolts, CR Bolts, Wheel Bolts, Collar Bolts, Dowel Pins, Axles, Transmission Bolts, Hub Bolts, Studs etc.

Our Specialized Coatings

Thermal & Chemical
Blackening

Zinc Plating

Zinc Aluminium
Flake

Dacromet

Geomet

Raw Material

The premium-grade raw materials with precise chemical composition that we use achieve superior tensile strength and performance.

Our raw materials undergo strict quality checks to meet the demanding standards of high tensile fastener manufacturing.

XPS AT A GLANCE!

FG Store and Heat Treatment

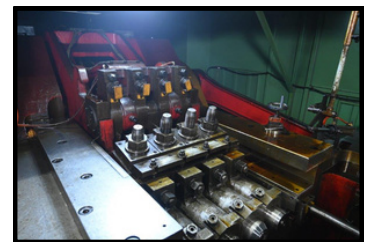

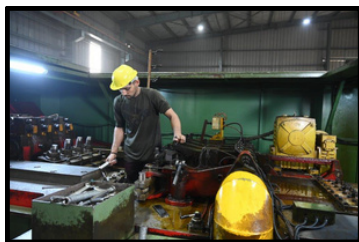

Finished goods store to ensure organized storage and ready dispatch.

Continuous SCADA controlled heat treatment furnace to enhance material strength and performance.

In-house Tool Room for precise die-making, maintenance, and continuous process optimization

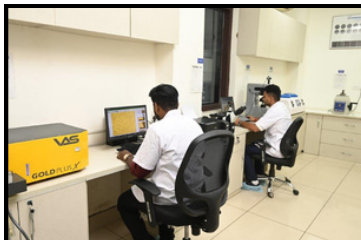

Forging & Rolling Operations

Multi-Station High Speed **Bolt Formers** and **Nut Formers**

High Speed **Rolling Machines**, **Centerless Grinding**, **Drilling**, **Milling**, **Boring**

Physical & Metallurgical Testing Lab

In-House Physical & Metallurgical Testing Laboratory with quality testing equipment like:
Spectrometer, Microscope, Profile Projector, Universal Testing Machine (UTM), Impact Testing Machine, Magnetic Particle Inspection (MPI), Salt Spray Chamber, Mold Maker, Vicker Hardness Tester, Rockwell Hardness Tester

...and many more!

XPS Packing

XPS packing is engineered to provide superior **strength, insulation, and impact resistance** for safe product transportation.

»» Manufacturing Capabilities ««

Diameter Range: M3 to M27 by Cold Forging | Above M27 by Hot Forging

Length: 6mm to 300mm by Cold Forging | Above 300mm by Hot Forging

Variety of Finishes: Dacro Coating, Geomet, Hot Dip Galvanizing, Zinc Aluminum Flake, Delta-Seal, Delta-Tone, Zn Iron Plating, Zn Plating with Chrome Passivation (Black, Green, White, Bleach Yellow & Yellow), Thermal & Chemical Blackening, Electro-less Nickel Coating.

Materials: Carbon Steel, Alloy Steel, Special Steel, A 286

Grades: 8.8, 10.9, 12.9, 14.9

Class: Gr. S, Gr. 5, Gr. 8, Gr.10
